

# academycafe

Welcome to the academy café. We hope you find something you like. We have designed the café for ease of use and to accommodate as many guests as possible. Each category you see on the menu corresponds to an independent service station. There is not one line. Feel free to move through the café and order items from any area you choose. All items are produced using the highest quality ingredients. We source locally, utilize organics, and support and showcase artisan producers. If you have any questions or need assistance please ask. We welcome your input as to how we may better serve you. Thank you for visiting the academy café at the California Academy of Sciences.
